

# HELP MAKE ROUTE 119 SAFE

## A 2-way protected bike lane can work on Route 119

The “Route 119 Complete Street Design Plan” is proposing a protected cycle track in Tarrytown, Greenburgh and Elmsford.

## Make safe streets happen

Write to [info@rt119complete.org](mailto:info@rt119complete.org)

Tell the team thanks, and more improvements are needed:

- put the bike lane on the north side in Tarrytown
- continue the on-street protected bike lane into White Plains
- add a crosswalk at the South County Trailway
- build sidewalks on both sides the whole way
- make all intersections safer
- add bus shelters at every stop

**BIKE TARRYTOWN**
